

Saxony Partners is a leading management and digital consulting firm combining extensive industry knowledge with technology expertise.

## OUR YARDI EXPERTISE

Our Yardi specialists know the real estate industry and we know the pain points our clients face. We deliver timely, effective, and consistent results for our clients in the commercial, industrial, residential, and public housing sectors.

### Analysis

Real estate data experts analyzing your company's operations and current technology systems

Road-mapping future digital solutions based on industry standards and innovative ideas

### Delivery

Identifying high-value, quick improvements for your company

Executing platform upgrades, Yardi module implementations, business process changes, custom developed solutions, and more

### Teamwork

Preparing employees and teams to adopt new technologies and processes to ensure project success

Training new/existing employees, facilitating change management, and assisting with staff augmentation

## MANAGED SERVICES

Minimize headcount growth as you scale your business and technology footprint, allowing you to maximize your investments and do more with your data

### Accounting Services

Monthly close, batch processing, journal entries, reporting, etc.

### Platform Administration

New user onboarding, menu management, etc.

### Asset On-boarding

System-wide setup for new acquisitions

### Data Management

Manual data entry, source system migration, data formatting, etc.
